## Head of Business Development (m/f/n) Pharma Innovation Company, Munich

### Beschreibung

Our client provides pharmaceutical services on a high quality level and is a member of a larger group of pharmaceutical companies. The company offers unique solutions as a one-stop shop for the full development from product idea, early-stage development through production of medicinal sample production under cGMP conditions, clinical studies, and bioanalysis. Besides over 30 key technologies for solids, semi-solids, liquids, transdermal products (patches) as well as personalized medicine (including 2D and 3D printing) for conventional and innovative technologies and formulation design for the pharmaceutical industry, our client is an experienced and highly competent partner offering pharmaceutical consulting services.

Position: Head of Business Development (m/f/n)

In anticipation of an ambitious growth plan, we are looking for an exceptional leader. In this position you are a key part of the management team and responsible for managing and building customer relations, developing new strategies in the pharmaceutical contract research and development field, responding to RFPs, and winning new accounts.
